

ENGAGEMENT OPPORTUNITIES

If you are looking for longer term volunteer opportunities. Consider joining one of the groups below.

Leadership Council

The Leadership Council is a young professionals network comprised of individuals from diverse industries who support our mission. Through advocacy, service and fundraising, members of the Leadership Council act as ambassadors in the community, market the organization to a new generation and solicit financial, volunteer, and in-kind donations on behalf of the Fulfillment Fund and its students.

Scholar Bridge Network

The Scholar Bridge Network is a diverse and active group of professionals, entrepreneurs, executives, mentors, and organizations dedicated to the post-graduation development of Fulfillment Fund Scholars – most of whom will be the first in their family to graduate from college. Members directly connect with students to help them explore their post college career path.

Mentor Program

The Mentor Program pairs caring mentors with Fulfillment Fund students for long term one on one mentoring relationships. Mentors must be 24 years old and able to pass a background check. Incoming mentors receive extensive training, ongoing support from staff and access to fun events for matches and opportunities for connection among our mentor cohort.

Friends of the Fulfillment Fund

The Friends of the Fulfillment Fund is a women's auxiliary support group that recently celebrated its 20th anniversary. Over the past two decades, the Friends, led by Cherna Gitnick and Jan Goldman, have raised more than a million dollars to support Fulfillment Fund college access programs and services.
